

The Mayor of the Municipality of Nardò, **Pippi Mellone**, tomorrow, the **22<sup>nd</sup> of July 2022 at 19:30 p.m.**, will inaugurate the **Water Aerodrome and Terminal** of Santa Maria al Bagno, that has been built on the "La Marmora" seafront as the "heart" of the **SWAN** project (*Enhancing regional transportation through sustainable water aerodrome network - MIS: 50003044*), a system of **eight multifunctional Water aerodromes and Terminals** between **Italy** and **Greece**. After an intense bureaucratic, design and building work lasted about four years, the infrastructure is ready and includes a **Water Aerodrome and a mini-Terminal** with an annexed **info-point** for **tourist services** to the general public.

The built seaplanes infrastructure with the annexed tourist info-point, will be finally opened to the public to **improve the local and cross-border transport system** by a **renewed, smart, multimodal integration** of the **actual transport modes**, as well as, the **current tourist services offer** for the **benefits of passengers, tourists and residents** for the **further social-economic development** of the involved **Greece Italy Programme** area.
